

BREAST & CERVICAL CANCER SERVICES

About the Breast and Cervical Cancer Services Program

The Breast and Cervical Cancer Services program provides quality, no cost, accessible breast and cervical cancer screening and diagnostic services to women. Regular screening is the best way to detect breast and cervical cancer in its earliest stages.

Who is Eligible?

You may qualify for free breast or cervical cancer screening and diagnostic services if you:

- Women ONLY
- Live in Texas
- Are 18 or older
- Don't have health insurance
- Monthly income less than 200% of the federal poverty level (FPL)

How Do I Apply?

After you find a nearby doctor or clinic, call to make an appointment. You will complete an application onsite during your appointment.

If you have been diagnosed with breast or cervical cancer and don't have health insurance that will pay for your treatment, Medicaid for Breast and Cervical Cancer.

Contact a Breast and Cancer Services clinic to see if you qualify for the MBCC program.

What Services are Available?

The program offers the following services:

- Clinical Breast Exam
- Mammogram, Breast Ultra Sounds, Spot Compression
- Diagnostic Services (Breast Biopsy with Surgeon)
- Pelvic Examination and Pap-Smear test and HPV
- Cervical dysplasia services (Colposcopy, LEEP Loop electrosurgical excision procedure)
- Help with Medicaid for Breast and Cervical Application
